Tenderfoot Requirement 2b

"While on a campout, demonstrate an appropriate method of safely cleaning items used to prepare, serve, and eat a meal."

_____ Name

- When we do dishes, we use three basins with water, and each item to be washed passes through all three. (*Scout Handbook index: Meals, cleaning up after.*)

- Check one box in each group:

Some additional things to know and do...

2. What's a good thing to do in advance that will make the job of the dishwasher easier? (*Hint: use words like "paper towels" and "scrape off excess food".*)
-
3. How much biodegradable liquid soap should go into wash basin #1? (Choose one)
- Enough to make a good layer of foam over the wash water.
 - Just a few drops -- pretty much the bare minimum. Any more will make it too hard to rinse the soap off.
4. How do we dry dishes? (Choose one)
- Use a cloth dish towel.
 - Use paper towels.
 - No towels. Instead put all the dishes into a blue net bag, hang the bag from a tree branch, and let the dishes air-dry.
